

**Overview:**

→ This worksheet provides instructions on how to administer the Career Tests. This will help with “career counseling” and helping students with the question, “What do you want to be when you grow up?”

Teachers can have students use <https://www.tucareers.com/> or the [Powerful Geography Career Paths Quiz](#) to help students choose a desired career.

**Teacher Hints:**

1. Depending on student needs, instructions for each career test is available: [Tucareers 6<sup>th</sup> Grade](#), [Tucareers 9<sup>th</sup> Grade](#), and [Powerful Geography Career Paths](#).
2. The Tucareers 6<sup>th</sup> Grade quiz will take students 10-15 minutes to complete; Tucareers 9<sup>th</sup> Grade will take 20-30 minutes, and PG Career Paths Quiz will take 5-10 minutes.
3. If the teacher doesn’t want to commit a full day of instruction of this, they could omit this part altogether and simply have students choose a career.
4. School counselors might be a good resource for this. They might even be interested in being a guest speaker for this day and lead the students in choosing a career.
5. Consider creating a folder for each student to save each component of this project since they will use all of it at the end of the year. Old school – give each student a manila folder and keep them in a filing cabinet in your room. New school – have students complete these components electronically and save them in Google Drive or another electronic format.

## Powerful Geography Career Test Instructions

1. Go to <https://powerfulgeography.org/student-resources/>.
2. Scroll down on the page and select "Career Path Quiz" to take the quiz.

**Don't know what you want to be  
when you grow up?**

Explore the career categories below

OR
