Shatterbelt Refugee Assistance Analysis Guide

Name:

Pick a region: Yemen   Syria   Iraq
Refer to the ACLED dashboard website to see which of the three countries looks more interesting to you.

From the *Maps Explain the Middle East* link, what are the historical/current processes that would make that place a shatterbelt? (You can use UP TO 3 to keep it focused.)
1.

2.

3.

Looking at the types of violence in the country you picked, explain what it would mean for each kind of person/group below. (Think about how that kind of violence would impact the lives of people there, the buildings they live in, transportation and communication networks, availability of health care, food supplies, education, fuel and electricity, etc.)

	Battles	**Riots**	**Explosions/ Remote Violence**	**Violence against civilians**
Families				
Children				
Workers				
The Elderly				

	Battles	Riots	Explosions/ Remote Violence	Violence against civilians
Based on the *USG Programs* map for that country, what kinds of aid is provided by different non-government agencies and relief organizations in that country to address the needs caused by each kind of violence?				

If you were going to hire someone to coordinate aid to the country you picked, what top 5 skills would they need? (Use the job description links for aid agencies to help you come up with a list.) Refer to your chart to prioritize the skills needed for your job posting.
